

Five Minute Hearing Test

Many people experience hearing loss gradually, often due to the natural aging process or long exposure to loud noise. Hearing loss can also be a sign of more serious health problems.

If you think you may have a hearing loss, take this 5 minute hearing test. You will receive 3 points for each "almost always," 2 for every "half the time," 1 for every "occasionally," and 0 for every "never" answer.

1. **I have a problem hearing over the telephone.**

- Almost always
 - Half the time
 - Occasionally
 - Never
-

2. **I have trouble following the conversation when two or more people are talking at the same time.**
