

# Make life sound extraordinary with Phonak Virto™ Infinio.

Now including a rechargeable model

Infinio

For over 75 years, Phonak has focused on what matters to you: improving speech understanding. We push the limits of technology, empowering you to connect socially, thrive mentally and emotionally, and ultimately, improve your well-being.

Unique just like you! Virto Infinio is the next era of personalized hearing solutions for mild to profound hearing loss from Phonak. Meticulously crafted, the Virto Infinio family of custom instruments boasts a modern design that is crafted to fit in your ear for optimal comfort. But it's not just about looks – Virto Infinio delivers exceptional sound quality.

Powered by Phonak SmartSpeech™ Technology, it intelligently adapts to your listening environment. Our new, powerful, ultra-responsive Phonak ERA™ chip brings a new level of digital signal processing for exceptional sound quality, grasping every single beat, instantly. With class-leading connectivity features\*, it can seamlessly connect with your smart devices for added convenience. And for the first time, you can get a **rechargeable** option, thanks to **Virto R Infinio**.

\* Rechargeable model only

# ■ Exceptional sound quality in every moment

With Phonak Virto Infinio, you can enjoy exceptional sound quality from the very first moment. It's not just about hearing better; it's about living better.

- New ERA chip provides an improved level of digital signal processing\*\*
- 93% customer satisfaction with exceptional sound quality and comfort from the very first moment<sup>1</sup>
- Fully automated, adjusting to your surroundings every step of the way
- Sound personalization through Biometric Calibration gives you a major boost in better hearing with 2dB improvement in directional\* performance<sup>2</sup>

\* Compared to custom products without Biometric Calibration

# Feel empowered with seamless, class-leading universal connectivity

Connectivity takes a giant leap forward with Virto Infinio\*\*. It connects directly to more Bluetooth® devices than any other hearing aids in the world. Whether you're using iOS® or Android™, it provides you with a truly immersive experience.

- Pair up to 8 Bluetooth® devices and have 2 simultaneously connected
- Uninterrupted, handsfree calls and streaming up to twice the distance, compared to previous generation devices
- Smooth, instant switching between listening with the hearing aid and streaming
- Includes RogerDirect™ for a seamless connection to Roger™ microphones without additional hardware
- Adjust settings, control volume and more, all from your smartphone with myPhonak

\*\* Rechargeable model only

- 100,000 consumers have spoken — myPhonak is rated "excellent" with 4.4 stars out of 5

# life is on

Since 1947, Phonak is dedicated to preserving social, emotional and physical life quality by opening new acoustic worlds. We believe that well-hearing equates to well-being and thus is essential for living life to the fullest. Today we offer the broadest portfolio of innovative hearing solutions. And, together with our hearing care professionals, we keep on focusing on what matters most: improving speech understanding, changing people's lives and having a positive effect on society as a whole.
